Software and Coding Languages

Figma, Sketch, Axure, Adobe suite,
HTML(5), CSS(3), SASS, Bootstrap, jQuery,
JavaScript, MS Office.

Design Skills

- User Research and Discovery
- Information Architecture
- Interaction Design
- Usability Testing
- Design Systems and Components
- Cross-Functional Communication
- Mentorship and Leadership
- Workshop Facilitation

Key Skills

- Creativity and imagination
- Understanding of current trends and styles
- Work under pressure and meet deadlines
- Critical thinking

Personal Interest

I love sports such as kite surfing, rock climbing and capoeira. I studied flute and I played the bass in a band. My main hobbies are exploring the beautiful Scottish countryside, reading books and playing boardgames with my friends. I am also keeping up to date with new technologies.

Employment History

Product Designer - Wood Mackenzie

May 2021 - Present | Edinburgh, UK

- Lead user research, interviews, and usability testing to identify user needs and pain points.
- Create personas, journey maps, and design documentation to inform product direction.
- Translate ideas into wireframes, prototypes, and high-fidelity designs using Figma and FigJam.
- Ensure accessibility and usability best practices across all design work.
- Collaborate closely with product managers, engineers, and stakeholders to align solutions with business goals.
- Analyze user behavior using analytics tools such as Amplitude and Hotjar to drive continuous improvements.
- Provide guidance and support to junior and entry-level designers.

UX/UI Designer - Franklin Templeton

Dec 2020 - May 2021 | Edinburgh, UK

- Create user personas, user journeys and site maps.
- Translate concepts into wireframes, prototypes and user flows using Sketch, Figma and the Adobe product suite.
- Work on cross-platform applications to develop user experiences covering mobile phones, tablets and computers.
- Work collaboratively with other designers, product design and development teams, business analysts, engineers and project managers to identify areas for improvement.

Product Lead - LendingCrowd

Dec 2018 - Nov 2020 | Edinburgh, UK

- Led design and product initiatives, translating business requirements into intuitive digital experiences.
- Developed mockups and prototypes to visualize new features and interfaces.
- Collaborated in Agile sprints with developers, project managers, and QA teams.
- Presented design concepts to stakeholders and guided implementation to meet strategic goals.

Junior Web Developer - Trendzer

Oct 2016 - Sep 2017 | Edinburgh, UK

- Write code in several programming and scripting languages, such as HTML, CSS and or JavaScript.
- Create responsive website layout/user interface by using standard HTML/CSS and bootstrap practices.
